

Since 1979, Community Energy Project has been empowering people to maintain healthier, more livable homes, control their utility costs, and conserve natural resources.

We conduct **free DIY workshops** on weatherization and lead poisoning prevention.

We provide in-home weatherization and safety repairs for low-income seniors and people with disabilities.

Statement of Inclusion

Community Energy Project values and operates by a policy of inclusion, providing equal opportunity to all persons regardless of their protected status, including race, color, creed, religion, sex, age, national origin, marital status, sexual orientation, gender identity, disability, and/or any other class determined by law.

Weatherization Workshops

We envision a future where all people can afford to live in their homes with dignity, comfort, and safety.

Basic Weatherization

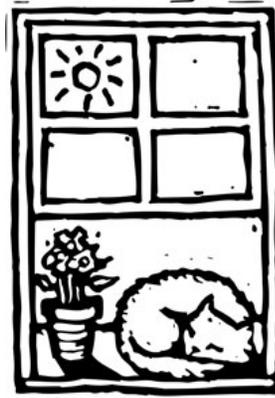

This hands-on workshop covers low-cost energy saving techniques focused on draft stopping that renters and homeowners alike will find valuable, including:

- Weatherizing windows and doors
- Basic air-sealing locations and techniques
- Basic furnace and water heater upkeep

Free Supplies

Qualified participants can receive a free conservation kit containing: reusable vinyl storm window kits, door weather-stripping, rope caulk, outlet/switch gaskets, compact florescent light, thermometer, and more.

Income Guidelines for free supplies

Household Size	Annual Income	Monthly Income
1	\$41,200	\$3,433
2	\$47,050	\$3,900
3	\$52,950	\$4,400
4	\$58,800	\$4,900
5	\$63,550	\$5,200
6	\$68,250	\$5,600
7	\$72,950	\$6,000
8+	\$77,650	\$6,400

DIY Insulation

The best place to begin insulating is above the ceiling! Learn to insulate an unused flat attic yourself and understand the terms and processes professionals use in energy audits and bids.

We take you through the process of insulating your attic step-by-step, covering:

- Safety best practices
- How to conduct your own energy audit/planning
- Air Sealing
- Exhaust and ventilation for mold and moisture control
- Blown-in insulation
- Financial Incentives

Get Involved!

Become a Volunteer Workshop Leader or Interpreter!

This is a perfect for those who enjoy public speaking and sharing information with others. We provide extensive training and are always present during workshops to support you.

Bilingual? If you speak another language, you can help us ensure those not fluent in English still have equal access to valuable information.

Host a Workshop

We bring workshops to locations all throughout Multnomah County. If you'd like us to bring a workshop to your group or organization, give us a call!
